**Call for the Submission of Requests to the Batsheva de Rothschild Fund of the
Israel Academy of Sciences and Humanities for the 2022 calendar year**

Submission date: August 8, 2021

Please submit requests only for activities due to take place in 2022

The Batsheva de Rothschild Fund nurtures scientific research in Israel through a multi-tiered approach encompassing support for the following activities:

1. The **Batsheva de Rothschild Seminars** are intended to further the development, consolidation and advancement of innovative directions in basic research in the natural sciences, in fields of importance to the State of Israel. Conferences of scientists from Israel, with up to 20 scientists from abroad, may be convened for a duration of 4–5 days to discuss a cutting-edge scientific topic, with the goal of facilitating its advancement and development in Israel. Financial support of up to US \$40,000 is available for such seminars.
